GO_Biological_Process_2021
chylomicron assembly (GO:0034378)
chylomicron remodeling (GO:0034371)
very-low-density lipoprotein particle assembly (GO:0034379)
triglyceride-rich lipoprotein particle remodeling (GO:0034370)
prostanoid metabolic process (GO:0006692)
cellular response to copper ion (GO:0071280)
response to copper ion (GO:0046688)
peptide catabolic process (GO:0043171)
fructose metabolic process (GO:0006000)
short-chain fatty acid catabolic process (GO:0019626)
