GO_Biological_Process_2021
protein modification by small protein conjugation (GO:0032446)
DNA repair (GO:0006281)
cellular response to DNA damage stimulus (GO:0006974)
mRNA processing (GO:0006397)
translational termination (GO:0006415)
DNA metabolic process (GO:0006259)
protein ubiquitination (GO:0016567)
translational elongation (GO:0006414)
transcription by RNA polymerase II (GO:0006366)
mitochondrial translational elongation (GO:0070125)
