GO_Biological_Process_2021
fatty acid catabolic process (GO:0009062)
epoxygenase P450 pathway (GO:0019373)
aflatoxin metabolic process (GO:0046222)
mycotoxin metabolic process (GO:0043385)
organic heteropentacyclic compound metabolic process (GO:1901376)
fatty acid beta-oxidation (GO:0006635)
long-chain fatty acid metabolic process (GO:0001676)
regulation of fatty acid biosynthetic process (GO:0042304)
chylomicron assembly (GO:0034378)
positive regulation of triglyceride metabolic process (GO:0090208)
