GO_Biological_Process_2021
proteasome-mediated ubiquitin-dependent protein catabolic process (GO:0043161)
mitochondrial translation (GO:0032543)
translational termination (GO:0006415)
translational elongation (GO:0006414)
protein ubiquitination (GO:0016567)
ubiquitin-dependent protein catabolic process (GO:0006511)
mitochondrial translational termination (GO:0070126)
protein-containing complex assembly (GO:0065003)
mitochondrial translational elongation (GO:0070125)
mRNA processing (GO:0006397)
